## @ TASTING NOTES

In this month's Craft Beer Club selection, you'll find our favourite big boppers alongside easy drinking session beers. Enjoy!

### ENDEAVOUR STACKED IPA

- IPA
- ABV: 6.3%
- THE ROCKS, NSW

This IPA has a big punchy aroma of tropical and citrus fruits. Packed with three different hops (Australian Galaxy, Ella and Vic Secret), the result is a clean, bitter finish that will leave you wanting more.

### FERAL BREWING IMPERIAL BIGGIE

- IPA
- ABV: 8.0%
- BASKERVILLE, WA

Feral Brewing Company have taken Biggie Juice and turned it up to 11! More malt, more hops, and more alcohol make this juiced up brew bigger, juicer and hoppier than ever before.

### BATCH BREWING THE BIG KAHUNA BROWN

- BROWN ALE
- ABV: 4.8%
- MARRICKVILLE, NSW

The Big Kahuna has a rich and flavoursome maltiness without ever blowing out the sweetness. They add toasted coconut into the mash, so that some super fragrant coconut aromas get mad air out of the glass.

### WOOLSHED GREAT SOUTHERN TRENDKILLER

- DOUBLE BLACK IPA
- ABV: 7.2%
- RENMARK, SA

They do beer differently down south. Dark roasted malts shred into an aggressive hopping schedule, that sees Simcoe, Chinook and Cascade hops punch you in the face with a vulgar display of power.

## BRENDALE BREWING GENERAL INDUSTRY IPA

## RED HILL BREWERY SCOTCH WEE HEAVY

- SCOTCH ALE
- ABV: 5.8%
- RED HILL SOUTH, VIC

Brewed to the style of the Wee Heavy of Scotland, this brew is strong with a caramely sweetness. A malt driven beer, it's lightly balanced with classic Goldings and Willamette hop flowers.

## TWO BIRDS INDIA PALE ALE

- IPA
- ABV: 5.8%
- SPOTSWOOD, VIC

Another beauty from the Two Birds team. Notes of passionfruit and mango puree follow a lean malt body, while Aussie and US hops add power to every mouthful.

## SOUTHERN HIGHLANDS AUSTRALIAN BLONDE

- BLONDE ALE
- ABV: 4.2%
- MOSS VALE, NSW

This is an easy drinking, refreshing blonde ale. Made with a good whack of wheat and noble hops, it's their most popular session beer. Pair it with salmon, salad and mild cheese.
